Taiwan Bor Ying was founded in 1981 in Taiwan with the first research project developing the anti-static vinyl cleaning brush. Since then we have continually developed more cleaning products for use with electronic and audio devices. In 1993, we set up our China factory in Guangdong, China.

For 30 years, with the progress of time and the development of electronic products, we have strived to develop and test products to meet the different cleaning requirements of electronic products. We have also sought to create products that are environmentally friendly and pollution free, so as to enhance our consumers' experience and protect the environment.

We create some of the highest quality cleaning products, which are used by some of the largest electronic brands in the World. We are dedicated to maintaining and improving the quality of our products, and increasing our range through pioneering new products. By doing this we aspire to be the leader of high quality and innovative cleaning and maintenance products.

### FLIPPING CAP SCREEN CLEANER (PATENT)

N-5568A

- Designed for electronics screen cleaning, the portable screen cleaner is great for traveling around, the flip cap design help to protect cleaning pad from collecting dust when stored and the gap created from the lip also allows cloth to dry to prevent mold development.

suitable for: all electronics screens

Contains:

- 10 ml anti-static cleaning solution without alcohol & ammonia
- Microfiber cloth pad (can be stored under the
- TBY patent design the "Flipping Cap"

**Eco-Friendly**

Alcohol free liquid

**15ml Liquid**

Used more than 200 times

**Anti-bacterial formula**

Efficient cleaning solution

**Microfiber cloth**

Scratch-free and effective cleaning

**Portable design**

Extremely slim size

### SCREEN CLEANING TRAVEL KIT (S)

N-5611

- Designed in a compact manner to enable ease of use and portability
- Suitable for: computers, tablets, smart phones, iPhone, iPad, Smart Watch

Contains:

- 2.6ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning wiper (removes dust, dirt and small particles)

Size: L: 70mm, W: 20mm, H: 25mm

### SCREEN CLEANING TRAVEL KIT (L)

N-5609

- Designed in a compact manner to tenable ease of use and portability
- Suitable for: computers, tablets, smart phones, iPhone, iPad

Contains:

- 6ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning wiper (removes dust, dirt and small particles)

Size: L: 100mm, W: 25mm, H: 30mm

### SCREEN CLEANING TRAVEL KIT (S)

N-5619

- Designed in a compact manner to tenable ease of use and portability
- Suitable for: computers, tablets, smart phones, iPhone, iPad

Contains:

- 6ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning wiper (removes dust, dirt and small particles)

Size: L: 70mm, W: 20mm, H: 25mm

Lens cleaner

### SLIM TRAVEL CLEANING KIT (BUILT IN CLOTH)

N-5618

- Designed in a compact manner to enable ease of use and portability
- Suitable for: computers, tablets, smart phones, iPhones, iPad, Smart Watch

Contains:

- 20ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- 14 x 14cm washable microfiber cleaning cloth (removes dust, dirt and small particles)

### SLIM PORTABLE CLEANING KIT

N-5617

- Cleaning cloth slip over bottle is designed to allow compatibility to enable ease of use and portability

- Suitable for: screen of all electronics

Contains:

- 20ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- 14 x 14cm washable microfiber cleaning cloth (removes dust, dirt and small particles)

### SCREEN CLEANING SET

N-5533

- Designed in a compact manner to enable ease of use and portability
- Suitable for: desktops, laptops, tablets, Smart Watch

Contains:

- 8ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning mitten

### COMPACT SCREEN CLEANER

N-5678

- Designed in a compact manner to enable ease of use and portability

- Suitable for: computers, tablets, smart phones, iPhone, iPad

Contains:

- 14ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning wiper (removes dust, dirt and small particles)

### PORTABLE SCREEN CLEANER

N-5608

- Designed in a compact manner to enable ease of use and portability

- Suitable for: computers, tablets, smart phones, iPhone, iPad

Contains:

- 9ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- Microfiber cleaning wipers (removes dust, dirt and small particles)

### SCREEN WIPER KIT

N-903

- Designed to clean screens effectively and efficiently

- Suitable for: all screens

Contains:

- Microfiber cleaning wiper (removes dust, dirt and small particles)

### SCREEN CLEANING SET (BUILT-IN)

N-5679

- Designed in a compact manner to enable ease of use and portability
- Suitable for: computers, tables, smart phones, iPhone, iPad

Contains:

- 6ml Anti-Static cleaning solution w/o Alcohol & Ammonia
- 11 x 11cm microfiber cleaning cloth (removes dust, dirt and small particles)

### SCREEN CLEANING KIT (PUMP TYPE)

N-59370

- Pump dispenser bottle design and a cleaning pad storage in the cap allows the user to simply flip open the cap and press down for the perfect amount of cleaning solution
- Suitable for: all electronic devices

Contains:

- 225ml anti-static & anti-bacteria cleaning solution without alcohol and ammonia (PET bottle)
- A washable round microfiber cleaning pad, dia. 65mm
- Size: L: 95mm, Dia. (upper lid): 65mm, Dia. (bottle): 85mm

### MICROFIBER CLEANING PAD (ROUND)

N-5182

- Designed as a multi-purpose kit to satisfy the basic needs of a consumer to care and clean smartphones. Apart from screen cleaning, simple and fun tools are designed to reach small hard to get slots and areas for a thorough clean
- Suitable for: all screens

Contains:

- 15\*15cm microfiber cleaning cloth
- 2pcs mini USB slot cleaning tool
- 2pcs lightning slot cleaning tool
- 2pcs lightning slot cleaning tool
- 2pcs headphones slot cleaning tool
- 1pcs cleaning stick
- 1pcs cleaning tool storage box

Microfiber (or microfibre) is synthetic fiber finer than one denier or decitex/ thread, having a diameter of less than ten micrometres. This is smaller than the diameter of a strand of silk (which is approximately one denier), which is itself about 1/5 the diameter of a human hair.

The split fibers and the size of the individual filaments make the cloths more effective than other fabrics for cleaning purposes. The structure traps and retains the dirt and also absorbs liquids. Unlike cotton, microfiber leaves no lint, the exception being some micro suede blends, where the surface is mechanically processed to produce a soft plush feel.

### MICROFIBER SCREEN CLEANING CLOTH

N-9297

- Designed to both cleaning and protect screens
- Suitable for: all screens

Contains:

- **23.7 x 18.3cm** Microfiber cleaning cloth (removes dust, dirt and small particles)

### MICROFIBER SCREEN CLEANING CLOTH (DOUBLE-SIDES)

**E.C.K.**  
 EARBUDS TIPS CLEANING KIT

NEW

**EAR BUDS & TIPS CLEANING KIT**

————— N-7220

- Designed as an ear buds/tips cleaning kit. When buds or tips has been removed from the ear sets, place it in the cleaning solution for 5 mins to complete the treatment. The cleaning solution will dissolve ear wax, fat or any other unwanted germs to insure quality and durability of the buds or tips.
- Suitable: Silicon based earphone buds and tips

Contains:

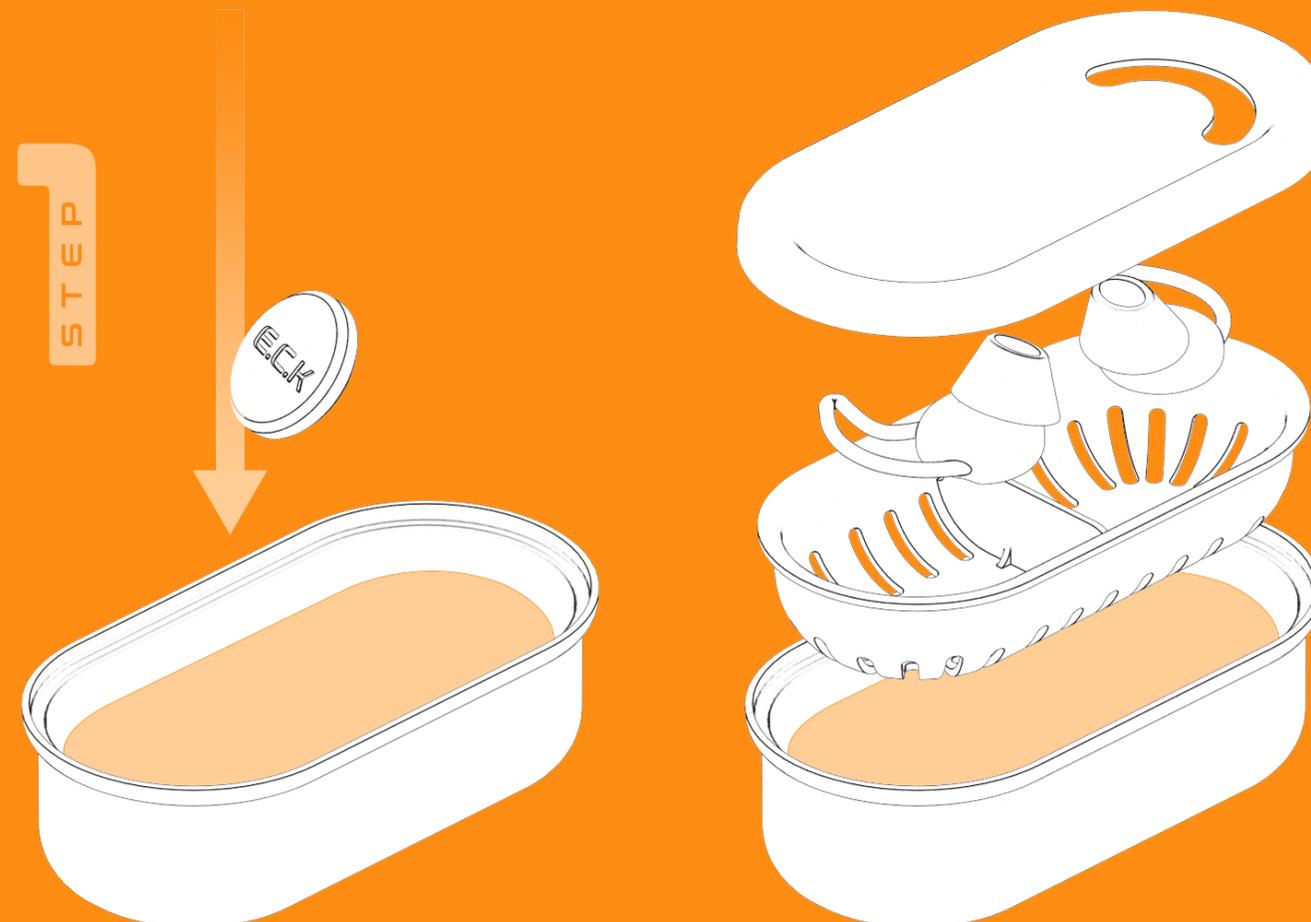

- 15x15cm microfiber cleaning cloth
- Cleaning case
- Cleaning solution tablets (9pcs)

## EARBUDS CLEANING KIT

You probably use your earbuds all day — during your commute to work, work itself, and your commute home. As many times as you pull them in and out of your bag, you probably don't think often enough about keeping them clean. Unsurprisingly, earbuds can transmit bacteria from person to person if they're shared, and in some cases can even cause ear infections. Clearly they need to be kept clean, but what's the best way?

The E.C.K provide an innovative cleaning solution for your earbuds tips. User can easily clean their earbuds tips in just 5 minutes. The cleaner tablet content in the kit are manufacture gentle solution and Ingredients. It can dissolve oil, ear wax and other oily dirt. It also restrains bacteria and mold grow in your earbuds tips.

E.C.K is a portable product and you can easily carry and use in every where. The Ingredients of tablet are all environment friendly and it will not harm people, animal and environment. In addition, the solution can also use for clean your earphone pads. Simply use a gentle towel and moisten with the solution, then gently wipe your earphone pads. Please pay extra attention to avoid getting liquid inside the speaker through the screens.

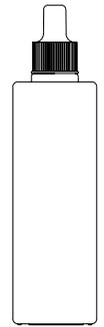

## INSTRUCTION

- Step 1 Fill the case with water and drop one E.C.K cleaning tablet into the water. Wait few second to let it dissolve.
- Step 2 Put in the filter and earbuds tips, then close the lid.
- Step 3 Wait 5 minutes and then pour out the water. Let the earpuds tips dry or use a gentle cloth to dry the surface before you put them back.
